

VISITATION PLAN

Expectations Fact Sheet

- Visitors are screened for signs and symptoms of COVID-19 prior to resident access and visitation will be refused if the individual(s) exhibits any COVID-19 symptoms or do not pass the screening questions.
- Screening shall consist of both temperature checks and asking screening questions to assess potential exposure to COVID-19 which shall include questions regarding international travel.
- Visitors are highly recommended to have a Covid-19 test within 72 hours or been vaccinated.
- Visitation hours are by **appointment only**. A copy of this formal visitation plan is posted on the website and broadcasted via email.
- For new admissions and residents requiring outside appointments visitation will begin after 14-day quarantine.
- Visitation will be paused in the event of an increase in the number of residents with a confirmed positive Covid-19 diagnosis.
- Limited visitation, including, but not limited to, family members, loved ones, representatives from the long-term care ombudsman program (LTCOP).
- At this time, visitation is strictly prohibited indoors.
- Visitors under the age of 16 years of age must be accompanied by an adult.
- Visitors must wear a face mask or face covering which covers both the nose and mouth at all times when on the premises of Yorktown Rehabilitation & Nursing Center.
- Visitors must maintain social distancing.
- Facilities will provide alcohol-based hand rub, consisting of at least 60 percent (60%) alcohol, to residents, visitors, and representatives of the long-term care ombudsman prior to visiting the residents. Rub hands together using friction.
- **The staff is required to monitor the visitation process. If any visitor fails to adhere to the protocol, he/she/they will be prohibited from visiting for the duration of the COVID-19 state declared public health emergency.**
